# conference

9th February 2010

9.30 – 4.30pm

The Watershed, Bristol

## the road to zero carbon

A major one day conference  
on low and zero carbon buildings

Organised by:

Devon Sustainable  
Building Initiative

# the road to zero carbon

The Government has set targets to significantly reduce CO<sub>2</sub> emissions from all buildings, whether residential, commercial or public, new or existing.

**All new buildings will need to be zero carbon within a decade, starting with a 25% reduction in CO<sub>2</sub> emissions next October, while CO<sub>2</sub> emissions from existing buildings need to be approaching zero by 2050.**

We are now seeing a move from demonstration projects to an increasing number of real-world, low and zero carbon buildings being built. This demonstrates that it is already possible to achieve significant reductions in carbon emissions.

This conference will showcase some of the best of these low and zero carbon projects, with a strong focus on the steps and measures taken and the impact it had on the construction process. This will provide delegates with a unique opportunity to learn from those at the leading edge of compliance with this fast approaching standard.

*(CPD certificates will be available on the day.)*

The conference will be chaired by **Charlie Luxton**, designer and broadcaster.

## Speakers:

**Paul King**, Chief Executive of the UK Green Building Council (UKGBC) and Chairman of the Zero Carbon Hub, on the latest policy developments on zero carbon buildings.

**Bill Dunster**, architect of the UK's first non-demonstration Code Level 6 homes.

**Ben Cook**, Barratt Homes, responsible for the company's zero carbon development of 200+ homes at Hanham Hall near Bristol.

**Gareth Davies**, Director of architectural firm Stride Treglown who are planning a BREEAM Outstanding office building in Cardiff which will achieve a 55% reduction in CO<sub>2</sub> emissions compared to Building Regulations.

**Vic Ebdon**, member of the School's Zero Carbon Taskforce, from Devon County Council, which currently has a number of low/zero carbon schools under construction or in design.

**Carmel McQuaid**, climate change manager for Marks & Spencer.

## the road to zero carbon

9th February 2010 • 9.30 – 4.30pm  
The Watershed, Bristol

**fee: £180 plus VAT (£211.50)**  
includes lunch and refreshments

Please complete this form and return to:

**Corina Reay**  
Ecos Trust, Great Bow Wharf, Bow Street,  
Langport, Somerset, TA10 9PN

For additional booking forms, please  
telephone Ecos Trust on **01458 254349**  
or email [corina@ecostrust.org.uk](mailto:corina@ecostrust.org.uk)

Booking will be secured on receipt of payment.  
**Cancellation policy:** Cancellations will be accepted up  
to 2 weeks prior to the conference, after that date the  
full fee will be charged. Substitutes can, however, be  
accepted at any time.
