

# Sponsorship

## Early Careers

CIOB produces events and activities to inspire and support professionals with their career development and ultimately to raise standards across the industry.

One of the CIOB's key areas is supporting those at the beginning of their career. Through these activities we reach out to a global audience of diverse, ambitious and emerging professionals who are proactively looking to get ahead in their career and make a difference to society through the built environment

Sponsoring one of the CIOB's early careers events or activities is a perfect way to raise the profile of your organisation by putting you at the centre of those who are beginning and who will go on to become the key decision makers of the future.

As a registered charity, CIOB are dependent on the support of sponsors to enable us to host world class events and ensure our members continue to benefit from our commitment to promoting the science and practice of building for the benefit of society, and we thank you for your support

We offer a 10% discount on sponsorship packages to CIOB company members
