Professional Review Support Providers
INTRODUCTION

The Professional Review is the final step in achieving your chartered membership of CIOB.

We know the demands of the Professional Review can be challenging and our standards are high.

To help, we have established a network of PR Support Providers as an alternative to applying directly to us. These are trusted individuals and organisations who have proven record of success for the Professional Review.

What do they offer?

✓ Workshops offering advise
✓ On-going support and encouragement for the PR application
✓ Opportunity to have your application reviewed prior to submission.
✓ Submission is through the provider ensuring a smooth application process

What do I do next?

The list below has all our providers. Please contact them and find out about their services and fees. Don’t be put off if there is no one in your area. Many of them will provide email and online support.

Then your chosen provider will support you through the whole process.

Good luck and we look forward to welcoming you into membership.
The Process through a PR Support Provider

Start by contacting a PR Support Provider and appoint someone you feel happy to work with.

Once appointed your PR support Provider will give you encouragement and support via workshops or another method of digital media.

After your initial session, you will be asked to submit your application to your provider. Your provider may suggest some revisions giving you the opportunity to strengthen your application. You will be given timescales and encouragement to help you stay on track.

The provider will make an assessment of your PR application and submit, on your behalf to CIOB.

The Assessment Process

Once submitted, your application goes through the following stages.

- Your Application is Internally Verified, making sure the application is complete and assessed in accordance with CIOB Assessment Procedures.
- Your Application is moved to the External Verifiers, to ensure standards of assessment are fair and consistent across all assessors and in accordance with the CIOB Assessment Procedures.
- Once all checks have taken place you will receive your outcome from CIOB.
