## CMYA IRELAND TIMELINE:

For over 20 years, the Construction Manager of the Year Awards (CMYA) Ireland has built a fantastic reputation for showcasing the very finest talent in construction. The awards are highly respected within the construction industry as the most rigorously judged and celebrate the achievements of exceptional individuals.

**CMYA recognises the very best people working in our industry today.**

### BIGGEST ISN'T NECESSARILY BEST

You don't need to have worked on a huge, well-known project. Mega-projects don't always mean mega-success. It's all about how the individual led the team, operated proactively, showed initiative, managed costs, overcame challenges and went above and beyond to show that they are really at the top of their game.

If this sounds like a client, employee, or colleague you know, then please don't hesitate to nominate them. Submit your entry for free by **10 September 2021**.

*"CMYA Ireland 2022 will be an important opportunity to celebrate the construction sector and the management talent working in it. I'm sure that, once again, we'll see fierce competition from the finest construction managers in the industry, showcasing the highest levels of professionalism and commitment. I'm looking forward to seeing what this year's competition brings."*

Caroline Gumble, CIOB Chief Executive
