### Getting to know you: answers to general questions about CMYA

#### **Who should enter?**

CMYA Ireland is open to all construction managers whether they are site based or not, multi-site contracts managers, retail project managers, consultancy-based managers responsible for multiple clients or projects, this is inclusive of elements of a project such as a subcontract package. The nominated individual is required to have demonstrated excellent management skills throughout the construction phase.

#### **What will the judges look for?**

Evidence of outstanding management skills in:

- Pre-contract phase
- Design & risk management
- Contract planning
- Technical ability
- Financial control
- Health, safety and welfare
- Communication & team work
- Leadership
- Relationship with stakeholders
- Quality control
- Project closeout

#### **Who will judge the awards?**

Corporate Members of the Chartered Institute of Building with specialist knowledge of the management of construction projects, including previous award winners.

**Are there any restrictions on who can enter?**

No. The CIOB is a proud supporter of diversity in the construction industry and welcomes entries to CMYA Ireland from all construction managers. The awards are made to individuals for their work, not for the project itself. Entries are welcome from managers of any construction project employed by companies of all sizes.

**Another award. Why bother?**

CMYA Ireland is not like any other awards. Our in-depth judging process ensures that the calibre of winners is consistently high. They showcase the best of the best talent in Ireland and have real prestige.

**Our marketing department is very small. How can we compete with bigger rivals when compiling entries?**

CMYA Ireland is not about fluffy marketing. Our judges are concerned with the skills and talents of the individual. That's why they visit every short-listed site and take time to understand the challenges and environment in which the construction manager had to work.

**I'm not a member of CIOB. Am I eligible to enter?**

Absolutely. CMYA Ireland is open to construction managers of any project that was completed within the specific time frame. On average, roughly half of our entrants are non-CIOB members.

**Who is this competition open to?**

The competition is open to construction managers with overall responsibility for delivery of construction projects. This includes managers of individual subcontract packages.

**My company is very small and the contract was very small. Is it worth me entering?**

Yes. Entries are welcome from managers of any construction projects employed by companies of all sizes. Our judges recognise that construction managers of small projects will face very different pressures to those on large projects.
