

Certified Conservation Specialists

The CIOB Building Conservation Register provides clients and employers with a list of qualified, experienced professionals who specialise in traditional and historic buildings.

They work in a wide range of built environment roles, including Works Supervisors, Site Managers, Construction Managers, Building Surveyors, Design Coordinators, Project Managers, Facilities/Estates Managers, Construction Planners, Clerks of Works, Quantity Surveyors, Construction Quality Managers, Retrofit and Building Archaeologists.

All hold at least a level 4 qualification (e.g. HNC) in building conservation or have completed the CIOB Academy's [Understanding Building Conservation](#) course. They also have at least three years of relevant experience working in Conservation. All members of the scheme are required to be re-certified after five years.

The scheme is competence-based and there are three recognised levels of competence, as follows:

- **CIOB Registered in Building Conservation** – individuals at this level will demonstrate good working and background knowledge of key aspects of work to traditional buildings and conservation practice, principles and philosophy, and understand when guidance or supervision is required.

- **CIOB Competent Professional (Proficient) in Building Conservation** – individuals at this level will demonstrate a depth of knowledge and understanding of conservation practice, principles and philosophy, including significance, and guide and take responsibility for others, whilst understanding when further specialist guidance is required.

- **CIOB Certified Building Conservation Specialist** – individuals at this highest level will demonstrate authoritative knowledge of conservation practice, principles and philosophy, including significance, and contribute to the development of conservation standards.

Key Stakeholders:

The scheme was developed to the International Council of Monuments & Sites (ICOMOS) standards, in consultation with the following key stakeholders:

- English Heritage
- Historic England
- National Trust
- Historic Environment Scotland
- Cadw, the Welsh Government's historical environment service
- Department for Communities, Northern Ireland Government
