The Chartered Membership Programme (CMP)

List of Course Providers

October 2019
David Greenstreet FCIOB  
9 King Edward Drive  
Grays  
Essex  
RM16 2GG  
Mobile: 07728455386  
Email: david.greenstreet@yahoo.co.uk

The aim and the core basis of my learning is to give candidates guidance and to steer them through the rigours of the written/coursework and PR review. This learning will not only encompass the requirements for CMP, this will also improve the candidate’s management skills such as research and synthesis skills, information handling skills, decision making skills and of course communication / report writing skills.

Solihull College and University Centre  
Blossomfield Campus  
Blossomfield Road  
Solihull, Birmingham.

Website: www.solihull.ac.uk

Solihull College and University Centre

The nature of the programme is roll on roll off over a twelve-month period so anyone interested in pursuing this highly valued route to Chartered Membership can enrol at any time of year and study at a pace that suits them. Our taught provision includes East Midlands and West Midlands. We also support Distance Learning and will do In Company provision for more than four students (by arrangement)
At Construction Management Training we provide weekday and weekend classroom workshops in London for the Chartered Membership Programme (CMP). We also deliver a distance learning option for students in the UK and abroad, with interactive online lectures. Our Professional Review workshops in London lead to students gaining MCIOB status. We realise that every student is an individual and deliver our training with a personal touch, providing guidance, support and advice at all stages of the course. We also provide in-house bespoke training for companies on request.

Darren Scadding who will be delivering the course has over 30 years of experience in the Construction and Property Industry, a member of the CIOB and RICS. Formally of Bristol College where he was a lecturer for CIOB Qualifications.

UCEM offer a supported distance learning programme using highly interactive on-line materials. Regular webinars are held throughout the programme with revision sessions prior to the examination. Successful delegates are provided with a personal mentor for their Professional Review.

“The entry requirement for this programme is 5 years in a management role and Level 4 qualification”. We will run the CMP from September for June exams and from February for November exams. Will include 1 workshop session for each module + distance study. Also we will include a workshop on the Professional Review. We will use the CIOB Moodle for distance learners. BDC’s construction management and design department have been successfully running the CIOB site management courses for nearly 20 years. We specialise in catering for the education of many construction professionals at all levels.
